SUBJECT: Safety Data Sheet(s) Request

Thank you for your inquiry regarding Safety Data Sheets (SDS) with regards to Trim-Lok Incorporated products.

Trim-Lok can not provide SDS's for our products as they are Finished Products which are considered **articles** and, as such, are exempted from SDS reporting.

The OSHA regulations that govern the requirements for SDSs and their use are found in 29 CFR Section 1900-1200 and CCR Title 8 Section 5194. The purpose of the SDS is so an employer can evaluate the raw material hazards which their employees may be exposed to and take measures to protect them. **Articles** are not expected to be used in a manner that may release a hazardous material which will pose a physical hazard or health risk.

Article - definition CCR Title 8 Section 5194:

A manufactured item: (1) Which is formed to a specific shape or design during manufacture; (2) which has end use function(s) dependent in whole or in part upon its shape or design during end use and; (3) which does not release, or otherwise result in exposure to, a hazardous substance under normal conditions of use or in a reasonably foreseeable emergency resulting from workplace operations.
